From a humble beginning in 1956, Shillong college hasforged ahead to become one of the premiere co-educational institutions of the State of Meghalaya and has been reaccredited and awarded A+ Grade with a CGPA of 3.33 by NAAC Bangalore. With the enthusiastic support of an ever-active Governing Body, dedicated faculty and staff, the college is striving to become a centre of excellence, a beacon of hope, a model embodiment of the ideals upon which our Nation has been built.

Shillong College is committed to pursuing these objectives by accelerating the pace of its activities and also responding adequately to the emerging challenges of time which are diverse and distinctively different in nature from those faced a few decades ago, more so, with the adoption of the New Education Policy (NEP) 2020.

As we step into this new academic year with new hopes, dreams and still newer set of challenges, I believe every student is looking for an environment where he/she can excel, eager to acquire proficiencies that define and enable achievement and realization of full potential. Our college focuses not only on academic excellence but every student is encouraged to explore his or her unique potential and follow chosen area of interest whether in co-curricular or extra-curricular activities. The college provides ample opportunities for skill development also imparting entrepreneurship training to those desirous of it. With well-trained faculty, supportive staff, improved and constantly evolving infrastructure and technology we focus on a balanced environment for all round growth of the student.

I wish you all success!

Dr E. Kharkongor

The College Emblem

The White Background in the middle stands for our humble beginnings when a few noble, caring and dedicated souls established this college on 15th August 1956 in order to address and cater to the needs of the less privileged sections of society for whom higher education and the world of knowledge would have practically remained out of bounds. This colour also stands for simplicity, purity, transparency and clarity of thought achieved through knowledge.

The Lamp in the white circle represents the illuminating, guiding and purging light of knowledge, wisdom and truth that will banish/dispel fear, doubt, ignorance, parochialism, bigotry and prejudice.

The significance of the Swan which is seen next to the lamp may be found in Hindu mythology where Saraswati, the Goddess of Knowledge is depicted riding a swan (hamsa) which symbolizes purity par excellence (Sattva Guna), wisdom, prudence and the discerning power to differentiate between good and bad, eternal and transient (Viveka) discipline, stamina, grace and beauty.

The Ocean over which the swan appears, represents the unfathomable vastness of wisdom and depth of the world of knowledge as well as the collective human race where diverse elements co-exist.

The Golden Circle that surrounds all of the above symbolises the immortal nature of knowledge and the element of continuity in the work of disseminating knowledge. The colour itself reflects optimism, high ideals, enlightenment and the bright future for our students and college.

The Motto that appears in Sankrit- "Vidyaya Vindate Amitam"- and in English- "Knowledge is Immortal" -is taken from Kena-Upanished (11:4). In this context, knowledge as 'Vidyaya' implies a deeper meaning than mere learning. It is a state of mind where the individual is attuned to the divine consciousness and thus attains knowledge that is immortal and blissful.

The literal meaning of this statement is that the self is the source of immortality. The term "Vidya" means the sustenance of interrupted experience of Wisdom and Bliss: Knowledge here does not mean ordinary learning but it is blissful of immortal where the individual is termed to the divine consciousness which cannot be distracted by it is forever etenity.

Therefore our great emblem bestowed in our College Logo is accepted and relevant and it will co-exist With the years to come.

OUR VISION

We envision Shillong College as a centre of Excellence for Wisdom, a beacon of hope, a model embodiment of the ideals upon which our great nation has been built.

OUR MISSION, AIMS AND OBJECTIVES

To endeavour to provide to all sections of society, quality yet affordable education, and create a knowledge-based society where avenues of success are readily available to all sections of the society, both urban and rural.

To remain socially committed, with special impetus on catering to the needs of the socially, economically and educationally disadvantaged groups, and through academic excellence, confidence building and character development to elevate them to a level of excellence thus providing them with a fair chance of success and better future.

To be attuned to the emerging needs of the young generations in a world of constant flux and to inculcate knowledge and need-based work skills so that the products of our college possess a competitive edge in the job market and find themselves"prepared for gainful employment.

To constantly update, equip, improve and evolve ourselves in all aspects in order to become more proficient and efficient in fulfilling our commitments to the students and the society at large to the best of our ability.

To not only help our students become job-proficient but to sensitize, encourage and promote moral, a secular, scientific and nation –building virtues in the backdrop of varied and complex multiplicities that weave the beautiful patterns of our country so that the students
